

FiberVault

FiberVault User Guide

Welcome to FiberVault

Your stash. Organized. Findable. Finally.

FiberVault is a stash-tracking app designed for real crafters who need a better way to organize yarn, fiber, floss, fabric, and projects in one place.

- Track your stash
- Add photos to entries
- Record details like weight, yardage, brand, and quantity
- Organize where items are stored
- Connect stash items to projects
- Search your collection quickly
- Keep everything in one easy-to-find place

Getting Started

1. Create your account

- Tap Sign Up
- Enter your email address and password
- Follow prompts
- Log in

2. Explore sections

- Yarn

The sections have placeholder examples just to show what an entry will look like you can edit those entries or just click delete and add a new entry with your own information.

- Fiber
- Floss/Thread
- Fabric
- Projects
- Storage/Locations
- Profile or Settings
